MASTODON
ART/SCIENCE REGIONAL FAIR

To Whom It May Concern:

I am writing on behalf of the Mastodon Art/Science Regional Fair (a 501(c)3 non-profit organization in the community since 1979) to request a donation for our first ever Mouse Race fundraising event scheduled for Friday, July 22, 2022. This event is open to community members, we plan to feature raffle baskets and silent auction items including gift cards, merchandise, and services generously donated by businesses like yours. Proceeds will help pay for: college scholarships, Fair awards, organization operations, community awareness events, student entry sponsorships, workshops, state and international fair entries and travel.

The Fair is an annual art and science fair held in March at Jefferson College. It is open to all students in grades K-12 from our 18-county coverage area. 2022 introduced an 18 and up category for those that still wish to enjoy competing in the Fair. Projects can be individual or group projects in the fields of art or science. Students can be enrolled in public, private, or be homeschooled. Teachers, parents, or guardians can enter one project per division. Our regional fair gives students the opportunity to receive monetary prizes and move onto the national level.

We would greatly appreciate any donation you can make. Should you make a donation for the silent auction, your business/organization will receive recognition at the event.. Mouse sponsorship is available for \$25. Your business/organization will have the opportunity to name the mouse and be listed as a sponsor in the program.

If you have any questions or need additional information, please contact me at director@mastodonfair.org, or via phone at 314-529-1329. On behalf of everyone involved in the Fair, thank you for your consideration. On behalf of our participants, teachers, Board Members, and myself, thank you for your consideration.

Sincerely,

Samantha P. DeClue
Executive Director
